About Symposium

- Our annual symposium, *Shaping the Energy Future- Challenges & Opportunities (SEFCO)* will mark the occasion of Technology Day on 11th May 2018 for the second consecutive year.
- Conceptualized in 2017 with the intent of bringing eminent researchers to exchange thoughts and to inspire future generations of leaders in science and engineering on a common platform, the first edition was very well received and encourages us to seek an encore.
- The plan is not just to engage in discussion of the latest developments in the field of energy, but also to develop a roadmap on how we must act collaboratively to ensure the energy may reach where needed in an abundant, affordable and environmentally sensitive manner.

Major Attractions:

- ✓ Interactive sessions with industrial and academic experts on a common platform
- ✓ Latest updates on evolutionary scientific trends in energy area
- ✓ To bring young technology and science professionals from across India and across disciplines ranging from chemistry to engineering to biosciences
- ✓ Opportunity to associate with peers
- ✓ Poster sessions on various themes
- ✓ Proceedings to be published in peer reviewed journal (IJCT – NISCAIR)
- ✓ Showcase of latest products and services
